species of Poecilia obscura Rio Matura, Cyprinodon eremus, Xiphophorus kallmani, many Betta species, Austrolebias elongatus etc..

## Motive force

abilities and knowledge to this aim.

I'm zoologist focused on ichthyology, in my local university I study genetic population between the different locality of Aphanis fasciatus in Sicily, my region. I'm member of several italian association of fish, like the AIK (italian killifish association); my main project is preserve endangered species from extinction, in particular livebearers, offering all my
